## Big Idea for the Night

Meet and greet students. Build rapport.

03

## Teaching Time A.L.T.

ASK a ? and ask students what they think about it, discuss at table. LISTEN to what Scripture might say about it.

TALK through what we do with that, ?'s or difficulties it raises. (?'s from 100 Bible ?'s and Answers by McFarland & Harper)

02

## Tasks we're trying to tackle:

- Large Group Discussion around the tables for teaching time.
- Get an idea of where small groups are stacking (ages & numbers)
- Students signed up for TEXT list.
- Get needed details to students & parents (calendar & contacts)

04

## SMALL GROUPS

Nothing planned for the evening, BUT if A.L.T. time is tanking or done early we could group up to just catch up with who is around. IF we do this, we'd break into the usual 4 groups (HS/MS Guy/Girl).
